HOA Community Guidelines and Information PROSPECTUS INFORMATION

There are two prospectuses in this community.

The P-1 (Revised) and the P-2.

The prospectus goes with the home. If you have purchased a home from a homeowner, they should have conveyed the prospectus to you. Or the Prospectus was given to you at closing. If you do not have a copy of the P-1 go to the office and request a P-1 Prospectus and Rule & Regulations.

If you have purchased a new manufactured home from ELS, you may have been given a P-2 prospectus. If you sell the home, again you should give the prospectus to your buyer.

KATZ'S KORNER

by Debbie Katz

Are you ready for SEASON to begin? Yeah, you know you are !! It's been a long hot summer (still hot) but luckily .. so far .. and not to jinx it – not too bad on the storm front (no pun intended). This month's newsletter is filled with upcoming events to enjoy and participate in any or all events. If you're not yet a member of our private community page on Facebook please join because lots of information is posted there too.

So first let me say how SORRY I am that my band, Arlington Park, was not able to play for the community in September. You know the old saying – we plan and the universe laughs. Our guitar players had to leave the band unexpectedly. One for health reasons and one for personal reasons so we were left having to cancel and now in the process of auditioning and replacing them. I can confidently say that their replacements are awesome and we hope to play for you very soon. It's our gift to you and an opportunity for us to have a "dress rehearsal" before we hit the touring circuit .. haha .. so thank you for your understanding and all those that reached out to me to express their disappointment. We were too but I guarantee you – you will not be disappointed in what you hear when the time is right.

While reading this month's AARP magazine I found the following link for a free Cognitive Assessment tool on their website. I haven't done it myself yet but thought I would share it with you. Sometimes knowing sooner than later that something is amiss is so helpful in the total healing of the situation. The link is <http://stayingsharp.org/free>.

So North Park – what do we want to talk about this month?

So I would like to talk about the HOA Board in our community. These hardworking, selfless neighbor and friends of ours deserve so much credit. I've lived here now for 11 years and I am always amazed at what they do and now that season is approaching again and our neighbors are returning I see from this month's newsletter how hard at work they've been to create fun events for us. We all

have to do something to support what's important to us as a community and citizens of The Winds. No one is going to help us other than us. ***No One Is Going To Help Us Except For Ourselves.***

If no one is going to volunteer to serve on the HOA Board they will no longer exist. If everyone doesn't join the HOA (it's so cheap in comparison to other HOA groups) there's no money to do anything. The same people who serve on the HOA Board cannot continue to do all of the work for us. Everyone seems to think that someone else will do it but guess what? No one is else is going to do it anymore. Several months ago the Acting Secretary and Past President wrote an article that was published in the Talewinds. To paraphrase her words she said:

THINK ABOUT IT! Without a Board of Directors (BOD) there is no Homeowners Association (HOA). The HOA would be dissolved and its treasury would be distributed by the State of Florida to charities. Without an HOA, we lose our ability to exercise our rights as specified in The Florida Mobile Home Act, Chapter 723. What else would fall by the wayside?

- Coordination of the calendar of common areas for daily activities and events.
- Coordination with a knowledgeable Director of Activities for help organizing a party.
- HOA sponsored dances and parties.
- Monthly meetings with park management to address problems with the common areas.
- Coordination with outside advocacy organizations to keep the protections of Ch. 723 in place.

THE TIME IS NOW. Stop complaining and let's do something together.

In Peace until next month

Community Reminders from Management

Writing your lot number on the memo line of your rent payment check is very helpful, however, your address will suffice. We have an online resident portal that can be conveniently accessed at any time! Avoid writing a check every month and pay online at no charge with your checking account information, or for a small fee, you may use a credit card! For more information on how to set up your account, please contact the office to receive an instruction sheet.

If you remove the safety rope from the center of the pool to swim laps, please put it back when you are finished. If you find it off upon arrival at the pool, please put it back or let the office know and we'll be happy to assist. Having the rope properly placed in the pool is a county code, and more importantly, a safety issue.

The speed limit in the community is 15mph. Speeding in the community is a violation of the rules and regulations. At all times, please look out for your fellow residents taking a walk (with or without their pets) or taking a stroll in their golf cart. Please always abide by the speed limit for everyone's safety!

Trash, yard waste, and recycle is picked up on Mondays. If a holiday falls on a Monday, it will be picked up the next business day. Please place your trash at the end of your driveway no earlier than 5pm the day before. If you will not be home, please contact a neighbor to assist.

ALL guests must be registered with the office by the homeowner/residents. Homeowners are required to wear the orange wristbands when using the pool and amenities. Guests are required to wear the green wristbands, which are available at the office for a one-time fee of \$5.00 per band. No cash accepted.

Parking- please always refrain from parking on the grass. Temporary parking on the side of the road in front of your home is permitted if you are not blocking any surrounding neighbor's driveway. Streets must ALWAYS be accessible, especially emergency vehicles/first responders. Overnight parking in the street is NEVER allowed.

Community inspections are always on the radar. Please help keep your community looking great by staying attentive to your home's exterior. Remove clutter, power wash when needed, clean out gutters, keep flower beds weed free, keep bushes and smaller trees maintained. Do not store loose items around

your home or in the grass. The mowers/edger's will only go so close to homes and items, such as flowerpots. We do not want any damage done to your belongings and the grass can be more maintained if these areas are free of random items placed around the home.

Contact Information – All Homeowners

It has come to our attention that many homeowners have still not updated us with current contact information. This makes it very difficult for us to reach you in the event of an emergency, or any other issue that may arise. Your contact information can be kept as "non-published" and not given out in the next community directory, or to the homeowners association if you so choose. Please stop by the office and pick up a contact update form. These can be emailed to you if you prefer. Just give us a call with your email address, and we will send it out ASAP. This is not just for homeowners that leave during the winter. This is for all homeowners in the community new and old. If your phone number has changed since you moved in, or you did not have it on the day you signed your paperwork, or your emergency contact has changed their number it is very important for us to get that information.

Clubhouse/Pavilion Reservation Policy:

If a homeowner wishes to reserve the clubhouse and/or pavilion for a private event the following is the policy that must be followed. A private event is any event not sponsored by the Home Owners Association that would include any person from outside the community, including entertainers; or any event that would exclude any resident in the community from coming to the event. This policy has been implemented to help us with scheduling events and to protect the homeowner against liability claims.

The homeowner will contact the management office to check availability of the clubhouse/pavilion. If the date is available they can reserve it with a \$100 deposit and a signed clubhouse/pavilion reservation agreement. The event is then added into the clubhouse/pavilion calendar, which is kept in the management office. After the event, the clubhouse/pavilion will be checked for cleanliness and damage. If the clubhouse/pavilion is undamaged and has been properly cleaned, the \$100 deposit will be returned.

Along with deposit to the event a certificate of insurance must be received in the management office or the event will be canceled. Insurance must be obtained if the homeowner is inviting and/or allowing any non-homeowners to the event. This includes entertainers.

If you have any questions or concerns in regards to this policy please feel free to contact the office at 941-355-6661.

How Children Perceive Their Grandparents

1. I was in the bathroom, putting on my makeup, under the watchful eyes of my young granddaughter, as I'd done many times before. After I applied my lipstick and started to leave, the little one said, "But Grandma, you forgot to kiss the toilet paper good-bye!" I will probably never put lipstick on again without thinking about kissing the toilet paper good-bye....
2. My young grandson called the other day to wish me Happy Birthday. He asked me how old I was, and I told him, 68. My grandson was quiet for a moment, and then he asked, "Did you start at 1?"
3. After putting her grandchildren to bed, a grandmother changed into old slacks and a droopy blouse and proceeded to wash her hair. As she heard the children getting more and more rambunctious, her patience grew thin. Finally, she threw a towel around her head and stormed into their room, putting them back to bed with stern warnings. As she left the room, she heard the three-year-old say with a trembling voice, "Who was THAT?"
4. A grandmother was telling her little granddaughter what her own childhood was like. "We used to skate outside on a pond. I had a swing made from a tire; it hung from a tree in our front yard. We rode our pony. We picked wild raspberries in the woods." The little girl was wide-eyed, taking this all in. At last she said, "I sure wish I'd gotten to know you sooner!"
5. My grandson was visiting one day when he asked, "Grandma, do you know how you and God are alike?" I mentally polished my halo and I said, "No, how are we alike?" "You're both old," he replied.
6. A little girl was diligently pounding away on her grandfather's word processor. She told him she was writing a story.
"What's it about?" he asked.
"I don't know," she replied. "I can't read."
7. I didn't know if my granddaughter had learned her colors yet, so I decided to test her. I would point out something and ask what color it was. She would tell me and was always correct. It was fun for me, so I continued. At last, she headed for the door, saying, "Grandma, I really think you should try to figure out some of these colors yourself!"
8. When my grandson Billy and I entered our vacation cabin, we kept the lights off until we were inside to keep from attracting pesky insects. Still, a few fireflies followed us in. Noticing them before I did, Billy whispered, "It's no use Grandpa. Now the mosquitoes are coming after us with flashlights."
9. When my grandson asked me how old I was, I teasingly replied, "I'm not sure." "Look in your underwear, Grandpa," he advised "Mine says I'm 4 to 6." (WOW! I really like this one -- it says I'm only '38'!)
10. A second grader came home from school and said to her grandmother, "Grandma, guess what? We learned how to make babies today." The grandmother, more than a little surprised, tried to keep her cool. "That's interesting," she said. "How do you make babies?" "It's simple," replied the girl. "You just change 'y' to 'i' and add 'es'."
11. Children's Logic: "Give me a sentence about a public servant," said a teacher. The small boy wrote: "The fireman came down the ladder pregnant." The teacher took the lad aside to correct him. "Don't you know what pregnant means?" she asked. "Sure," said the young boy confidently. "It means carrying a child."
12. A grandfather was delivering his grandchildren to their home one day when a fire truck zoomed past. Sitting in the front seat of the fire truck was a Dalmatian dog. The children started discussing the dog's duties.
"They use him to keep crowds back," said one child.
"No," said another. "He's just for good luck."
A third child brought the argument to a close. "They use the dogs," she said firmly, "to find the fire hydrants."
13. A 6-year-old was asked where his grandma lived. "Oh," he said, "she lives at the airport, and whenever we want her, we just go get her. Then, when we're done having her visit, we take her back to the airport."
14. Grandpa is the smartest man on earth! He teaches me good things, but I don't get to see him enough to get as smart as him!
15. My Grandparents are funny, when they bend over, you hear gas leaks and they blame their dog.

JOKE OF THE MONTH

A 17-year-old boy who works part-time at Pizza Hut drives up to park in front of the house in a beautiful Porsche. Naturally, his parents know that there's no way he earned enough with his after-school job to buy such a car.

"Where did you get that car?" his mom and dad screamed in shock.

"I bought it today," replied the teen calmly.

"With what money young man?" his mom demands. "We know how much a Porsche costs and you cannot afford it!"

"Well, it's used and I got a good deal" says the boy, "This one cost me 20 dollars."

"Who on earth would sell a car like that for 20 dollars?!"

"The woman up the street," the boy replies. "I don't know her name—she just moved in."

She ordered a pizza and when I delivered it to her, she asked me if I wanted to buy a Porsche for 20 dollars."

The boy's dad and mom hurry over to their new neighbor's house, ready to demand an explanation. Curiously, their new neighbor is calmly planting flowers in her front yard.

"I'm the father of the kid you just sold a sports car to for \$20," the dad says. "I need an explanation from you!"

"Well," the woman says, not looking up from her garden. "This morning I got a phone call from my husband. I thought he was on a business trip in Florida, but it seems he has run off to Hawaii with his secretary and doesn't intend to come back."

"What on earth does that have to do with selling our son a Porsche for \$20?" The boy's mom asks, utterly perplexed.

The new neighbor smiles very big, and pauses for a minute. "Well, my husband asked me to sell his new Porsche and send him the money.

So I did.

Hurricane Blessing Legend 'Protecting' Sarasota Comes From Fictional Tale

It's the story of Sara de Soto – the daughter of a Spanish conquistador – and her love-struck forbidden romance with a captured Seminole prince.

Hidden beneath the waves of Sarasota Bay is, as the story goes, what has kept hurricanes away. If you've lived in the area long enough, you've likely heard the folklore of a Native American blessing that has protected Sarasota from taking a direct hurricane hit since dependable records have existed.

It's the legend of Sara de Soto – the daughter of Spanish conquistador Hernando de Soto – and her love-struck forbidden romance with captured Seminole prince Chichi Okobee, local anthropologist Uzi Baram explains.

When the captured prince got sick, it was Sara who nursed him back to health before she suddenly died herself. Her body was buried in the bay, which would also wind up being Chichi's final resting place, Baram explained. "He's so heartbroken that he goes in a canoe with many of his warriors and they hatchet into the bottom of the canoe and they sink," Baram said.

The Shakespearean tragedy is a myth, according to Baram and the Sarasota County Historical Center.

"We know the origins of the myth," Baram said. The fictional story was written by George F. Chapline in the early 1900s. Chapline claimed the area's name was derived from Sara de Soto.

But Sara de Soto never existed. There's no record of Hernando de Soto ever having a daughter or any children.

The local legend spawned an annual pageant at one point known as the Miss Sara de Soto pageant.

Baram said the tall tale has always raised a big question for him: "Why would the people who had been pushed out of this area want to protect the people who pushed them out?"

If the story accomplishes anything, Baram said he hopes it encourages residents and visitors to learn about the deep Native American history of the area. Sarasota County is home to significant archaeological sites where evidence of human inhabitation dating back at least 5,000 years has been found, according to the Sarasota County Historical Center.

Paulsen Point and Myakkahatchee Creek at Indian Mound Park in North Port are two public sites where you can explore the history of the area's prehistoric inhabitants.

"If the lesson of the legend of Sara de Soto is, we can just keep on building and building on the coast, then it's a real problem," Baram said. "If people read that legend, go, 'Hey what is the story of the Seminoles?' If that is what comes out of reading the legend then wonderful."

**LOCK YOUR CARS, YOUR DOORS AND WINDOWS.
LOCK YOUR SHED, LOCK YOUR HOUSE.
SECURE YOUR GOLF CART AND ITS BATTERIES.**

Never leave a bicycle in plain view, without a bicycle lock.

*Critically examine the type of locks you have on your house and shed to be certain they are secure. If the lock is not difficult to break into, **change the lock.***

There continues to be thefts of bicycles, golf carts and the contents of sheds in the community. Recently many unlocked cars were ransacked for valuables during the middle of the night.

***Thwart the thieves by securely locking your possessions!
The harder it is to break a lock the more time it takes to do so.
That means it is less likely the thieves will try or be successful.***

ICE (IN CASE OF EMERGENCY)

Apparently this is a standard procedure all paramedics follow at the scene of an accident when they come across your cell phone: ICE - 'In Case of Emergency'.

If we were to be involved in an accident or were taken ill, the people attending us would have our mobile phone but wouldn't know who to call. Yes, there are hundreds of numbers stored but which one is the contact person in case of an emergency? Hence this 'ICE' (In Case of Emergency) Campaign. The concept of 'ICE' is catching on quickly. It is a method of contact during emergency situations. As cell (mobile) phones are carried by the majority of the population, all you need to do is store the number of a contact person or persons who should be contacted during emergency under the name 'ICE' (In Case Of Emergency). The idea was thought up by a paramedic who found that when he went to the scenes of accidents, there were always mobile phones with patients, but they didn't know which number to call. He, therefore, thought that it would be a good idea if there was a nationally recognized name for this purpose. In an emergency situation, Emergency Service personnel and hospital Staff would be able to quickly contact the right person by simply dialing the number you have stored as 'ICE'.

For more than one contact name simply enter ICE1, ICE2 and ICE3 etc. A great idea that will make a difference! Let's spread the concept of ICE by storing an ICE number in our Mobile phones today.

St. Jude patient **Yates**,
blood cancer,

Every child deserves a chance to live their best life.

When Yates was diagnosed with acute lymphoblastic leukemia at six years old, he was referred to St. Jude Children's Research Hospital® and airlifted the same night. Intensive chemotherapy did not destroy all his cancer cells, so St. Jude doctors tailored his treatment to include a bone marrow transplant. Through it all, the hardest part for Yates was being away from his dog, Yoshi. Thanks to St. Jude donors, he is now back home with his furry friend.
